**DETAILED ACTION**

1. Applicant's amendment filed November 2, 2004, and the arguments presented therewith with respect to claims 1-6 have been fully considered and are persuasive in light of the amended claims. Therefore, the claim rejection of Oh (5,668,521) has been withdrawn. A non-final office action follows as below.

***Drawings***

2. The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they do not include the following reference sign(s) mentioned in the description: "one prong receiving opening disposed on the upper portion (144a)" (Fig. 2) (claims 1,5, and 6) and "one prong receiving opening disposed on the lower portion (133b)" (Fig. 2) (claims 1,5, and 6). Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 1-5 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential structural cooperative relationships of elements, such omission amounting to a gap between the necessary structural connections. See MPEP § 2172.01. The omitted

Art Unit: 3652

structural cooperative relationships are: "upper end and a lower end including refuse retrieval means" with "an outer frame member" and "an inner frame member" (Claim 1), and "refuse retrieval scoop means connected to refuse retrieval device" with "an outer frame member" and "an inner frame member" (Claim 5).

***Allowable Subject Matter***

5. Claims 1 and 5 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

6. Claims 2-4 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

7. Claim 6 is allowed.

***Conclusion***

8. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
